

beauty doesn't
age skin does

griffin+row
naturally effective skincare

*Australian owned and made.
Travel friendly sizes.*

"Everything about the product is perfect, I just wish it had been around 10 years ago as I am sure I would look so much younger if I had had this fabulous product! I'm a total convert!" *Bronnie S. VIC*

"Just wanted to let you know that I'm loving your products. I feel younger already!" *A.S VIC*

"I am really enjoying your skin products. The scent is very pleasant and refreshing, and the cleanser is gentle, but does a good job removing makeup. I like the moisturiser too – especially in Colorado, where the air is so dry." *R.M Colorado USA*

griffin+row
naturally effective skincare

beautiful skin
starts with *nature*

age proof your skin

Griffin+Row have created a naturally effective skin care system with centess+complex™, a cocktail of the purest plant extracts known for their antioxidant and regenerative properties – directly targeting the causes of skin ageing.

the science of skin

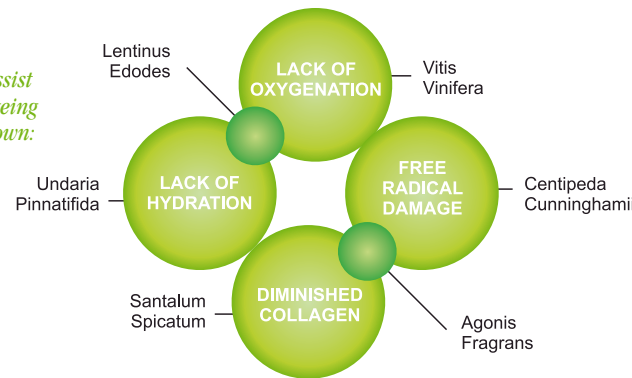

Skin ages due to:

- Lack of oxygenation • Free radical damage
- Lack of Hydration • Diminished Collagen

What are anti-oxidants?

Antioxidants block the process of cell deterioration by toxins (free radicals) that reduce your skin's natural ability to produce collagen and elastin – vital to healthy supple skin. Access the body's natural defence system based on its own internal anti-oxidants.

Our 6 active ingredients assist in the anti-ageing process as shown:

Why is our breakthrough formulation centess+complex™ so effective?

centess+complex™ has been designed to comprehensively address these four ageing factors so that the components work synergistically for optimal efficacy. It really works!

developed by scientists and inspired by nature our 6 active ingredients

centipeda cunninghamii: This traditional Aboriginal medicinal plant extract has amazing anti-inflammatory, anti-bacterial properties. This plant is now being used extensively in natural anti-ageing formulations worldwide.

vitis vinifera: A particular South Australian wine grape seed extract with gentle emollient and stabilising properties and a powerful antioxidant capacity.

santalum spicatum: The world renown West Australian sandalwood essential oil with powerful antioxidant activity.

undaria pinnatifida: A superior marine algae extract with anti-hyaluronidase, (hyaluronidase degrades collagen) anti-elastase activity, (elastase degrades collagen) stimulates fibroblasts (fibroblasts are skin surface cells). A magnificent hydrating plant extract.

lentinus edodes: An essence derived from a bioactive fungus with anti-allergenic, anti-inflammatory, anti-bacterial and topically active polysaccharides. (chains of sugars which benefit immune cell function). Used extensively in Eastern medicine for cell renewal.

agonis fragrans: From West Australia this previously unknown essential oil has hydrating and balancing properties and a unique fragrance.

5 easy steps to looking younger for longer

cleanse step 1

Enriched cream that lathers to gently remove impurities, pollutants and all make-up. Leaves your skin feeling ultra-soft, clean and smooth. Prepares your skin for Hydrate and Nourish.

How to use: Lather a pearl sized amount with a few drops of water, massage gently over face and neck, splash rinse thoroughly then wipe with Exfoliate cotton cloth. Use morning and night or after exercise. Great for use in shower.

75mL

exfoliate step 2

A double-purpose cleansing and gentle exfoliating natural cotton cloth. Use to wipe clean and gently remove dead cells from the surface of the skin on face and neck. This daily procedure will help your skin regain its natural radiance.

How to use: After using Cleanse and rinsing off, dampen cloth and wipe over face and neck. Use daily for visible results.

hydrate step 3

An uplifting spray that delivers an instant refresh. A reviving hydrating solution that assists in combating dry skin. This alcohol free solution contains centess+complex™ to help maintain natural moisture balance.

How to use: Apply spray to face and neck to moisten and refresh after cleansing morning and night. Carry all day and use any time in dehydrating environments to prevent skin dryness.

100mL

nourish step 4

A daily skin care essential that provides protection with centess+complex™ for increased resistance to ageing and an improved moisturised skin.

How to use: Apply small quantity to face and neck to moisturise morning and night. Use daily for visible results.

75mL

enrich step 5

Ultra Luxurious anti-oxidant night cream that is enriched with a high concentrate of centess+complex™. Enrich boosts the efficiency of your daily moisturiser for faster results on all areas of dry, damaged and thirsty skin. Immediately your skin is plumped, smoother and enriched. Use in dry winter, dehydrating or polluted environments.

How to use: As extra rich moisturiser for face and neck as required day or night. Use daily for visible results

75mL
